

Mounts to tile or glass with suction plate, or wall screw/adhesive plate

MOUNTING INSTRUCTIONS:

Using Suction Plate

1. Clean tile or glass thoroughly with alcohol.
2. Lightly wet center of suction cups and press firmly against glass or tile, avoiding grout lines.
3. Wait 10 minutes, then hang toy bag.

Using Screw / Adhesive Plate (hardware not included)

1. If screwing into wood, use wood screws.
2. If screwing into drywall, use screws and anchors.
3. If screwing is not desired, place removable adhesive strips in the depressions provided.
